Re: Somers, CT  
Eleanor Rd.  
Soapstone Estates

Dear Mr. Wentworth,

I have reviewed the revised plans dated 10/19/20 for the above referenced property. The following information must be added to the plans to complete my review:

1. A separate water service lateral must be shown for each unit.
2. The footing drain discharges must indicate pipe type, size and elevations.
3. Please show the water main ROW, connecting the system to Gillette Crossing Subdivision.
4. Please show the storm drainage elevations on the 20 scale Grading/Septic Plan to facilitate review.

All fees referenced in my letter of 9/22/20 must be paid prior to final approval. Please submit revised plans at your earliest convenience. Do not hesitate to call my office if you have any questions in regards to this matter.

Sincerely

Steven Jacobs  
Registered Sanitarian
