For Immediate Release

“Connecticut Water to flush water mains in north central Connecticut”

East Windsor, Ellington, Enfield, Somers, South Windsor, Stafford, Suffield, Tolland, Vernon and Windsor Locks

Clinton, Connecticut, April 9, 2014 – The Connecticut Water Company will be flushing its water mains in the towns of East Windsor, Ellington, Enfield, Somers, South Windsor, Stafford, Suffield, Tolland, Vernon and Windsor Locks between April 14 and May 8. Routine flushing helps to maintain water quality by scouring the inside of the water mains.

Water main flushing will take place in East Windsor, Enfield, Somers, South Windsor, Stafford, Suffield, and Windsor Locks between the hours of 7 p.m. and 11 p.m., Monday through Friday.

In Ellington, Tolland and Vernon flushing will be conducted between 8 a.m. and 4 p.m. Monday through Friday.

The schedule is as follows:

Somers and Stafford: April 14 – April 17

Ellington, Tolland and Vernon: April 14 – May 16

Enfield: April 21 – April 24

Suffield: April 21 – May 8

East Windsor and South Windsor: April 28 – May 1

Windsor Locks: May 5 – May 8

During water main flushing it is possible that some customers may experience discolored water and pressure fluctuations. The discolored water should clear within a few hours. While experiencing discolored water, customers should avoid using their washing machine, dishwasher, or other water using devices. Customers should call Connecticut Water at 1-800-286-5700 if discolored water persists for more than a few hours.

Connecticut Water’s water main flushing schedule is available on its Web site at www.ctwater.com in the ‘Customer’ section. Connecticut Water is also on Facebook (www.facebook.com/CTWtr) and Twitter (www.twitter.com/CTwater).
