- 1. Continue discussions and recommendations for the management of the Everbridge Communication System – Glen reported that he and other Town Hall officials began training with Everbridge staff. The plan is to go “live” with the program by the 2<sup>nd</sup> week in January. It was decided that Kim LaFleur will handle administrative messages with Ann Logan as a backup and Glen Reynolds will manage the emergency messaging with Todd Rolland as a backup. A grant has been awarded that will pay for 100% of the program for the first year. A press release is being drafted to the community to begin to educate them about the system and its benefits. We will get it in the Somers Connects newsletter the first week in January.**

**Tim discussed his further conversation about the program at the First Selectman’s meeting. Glen also added some detail about the program to the Board. There was an interest from attendees of the meeting to have the ability to implement it, manage it and measure its success. We discussed the importance of the messaging be concise, accurate, timely and efficient.**

- 2. Continue discussion regarding the content of the Short-term Recovery Report. Goal is to submit a final report to the Selectman’s Office by the first week in January 2021. – Due to the committee being interrupted by being “Zoom bombed” with vulgarity, the meeting was cut short. Report will be drafted and sent to committee the week of Christmas for discussion at the next meeting.**
