

## Somers Sidewalk Ad-hoc Committee Survey

The Town of Somers plans for improved walkability, pedestrian safety, and connectivity. An Ad-Hoc committee has been formed, and we want to hear from you!

A 1997 Capital Region Council of Governments study recommended new sidewalks in the following locations:

- On South Road (Rt. 83) from Main Street (Rt. 190) south to Field Road.
- On Field Road from South Road (Rt. 83) to the Field Road Park Complex.
- On Pinney Road, connect the sidewalk on Pinney Road at the intersection of Billings Road north to the sidewalk on Maple Street.

In addition to these recommendations, the Sidewalk Ad-Hoc committee is considering other locations for new sidewalks.

- On Main Street (Rt. 190) from Somersville to the town center.
- On Vision Boulevard (School / Library complex) from Maple B. Avery Middle School to the High School.
- On South Road (Rt. 83, south of Main Street) from Main Street (Rt. 190) south to Geissler's supermarket.
- On Springfield Road (Rt. 83, north of Main Street) from the end of the sidewalk across from DG Graphic north to Michele Drive.
- On Battle Street north from Center Cemetery to Turnpike Road.
- On Main Street (Rt. 190), east from Eleanor Road to Scully Road.

Would you favor the installation of new sidewalks in the following locations?

You fill out this survey online by going here: <https://www.surveymonkey.com/r/KZ6XV7D>

Or email this survey to [trolland@somersct.gov](mailto:trolland@somersct.gov)

Or dropping this completed survey off at the Town Clerks' Office in town Hall

Please select Yes or No.

1. On Main Street from Somersville to the center of town:
  - a. Yes
