

The Department of Public Works announces the availability of the Town's Draft Storm Water Management Plan. This Draft Plan was developed in accordance with the Connecticut Department of Energy and Environmental Protection's (CTDEEP) General Permit for the Discharge of Stormwater from Small Municipal Separate Storm Sewer Systems which was issued January 20, 2016 and becomes effective July 1, 2017.

Copies of the Draft Plan are available for review at Town Hall in the Clerks Office, the Senior Center and the Library during normal business hours and digitally on the Town's website at: <http://www.somersct.gov/wpfb-file/2017-ms4-annual-report-pdf/>.
